Larry,

Another comments from the /publicinvolvement Contact Us page. Focuses on PA and actions of PA DEP and Governor. Would it be appropriate to have an R3 response or referral from R3 to DEP?

Pat

Please protect Pennsylvania from the gas drilling industry. The number of accidents caused by the fracking process is rising rapidly. The Governor has decided to not have a severance tax now. The industry is rushing to our State and rapidly causing irreparable damage to our water, and as a result our health. The latest accident involved the spilling of 8,400 gallons of a hydrofracturing lubricant that the DEP says may have travelled to a wetland and Stevens Creek in Dimock at a Cabot Oil&Gas site.
